

HONEYWELL SMARTLINE TRANSMITTER RECEIVE 60% OFF WHEN YOU BUY 4 TRANSMITTERS

Honeywell

HIGH-PERFORMANCE TRANSMITTERS PRESSURE AND TEMPERATURE

The Honeywell ST700 & ST800 SmartLine Transmitters has set the standard for performance in harsh and noisy process environment.

- Industry-leading accuracy and reliability with a dual-compartment housing and intuitive diagnostics.
- Innovative modular design reduces maintenance & inventory costs while reducing complexity
- Advanced display & local configuration improves efficiency without the need for a handheld
- Unique Smart Connection Suite control system integration provides better communication and improves field efficiencies

Honeywell is so confident in their new SmartLine Transmitters, that they are offering a onetime competitor change out program. **We are offering a 60% discount when purchasing 4 Pressure or Temperature SmartLine Transmitters**, this program is designed to give you the advantage of seeing the benefits of the SmartLine Transmitters in action before replacing transmitters throughout your entire facility.

The SmartLine Transmitters will exceed your expectations with this special discount. This discount is only going to be offered for a limited time only, please contact your GTH sales representative for more details and to request a demo.

Discount is valid for a maximum of four transmitters to accounts pre-approved by Honeywell. Orders must be placed before September 30, 2016. Honeywell reserves the right to cancel or modify this program at any time. Honeywell must approve sale before applying discount.
