

Industrial Instrument Repair

Don't Throw Away Your Broken Instruments - Repair Them!

GTH now offers instrument evaluation and repair! Often instruments can be repaired vs replaced to save money and costly downtime. If it is determined your unit cannot be repaired, your evaluation fee can be applied to the purchase of a replacement unit from GTH. If you decide to repair your instrument, we promise fair pricing, a quick turnaround and friendly service - all hallmarks of GTH for over 85 years!

Our experienced technicians can troubleshoot and repair a wide range of instruments including:

- Variable Frequency Drives (VFDs)
- Programmable Logic Controllers (PLCs)
- Chart Recorders
- Paperless Recorders
- Temperature Controllers
- Timers / Counters
