

Visit the **NEW** www.georgethall.com!

We have recently revamped www.georgethall.com to make it easier to search for the information you need. There are also more resources than ever before as well as photos and project portfolios detailing our key markets and competencies in Industrial, Combustion, and Commercial Building applications. *Click [here](#) to see it for yourself!*

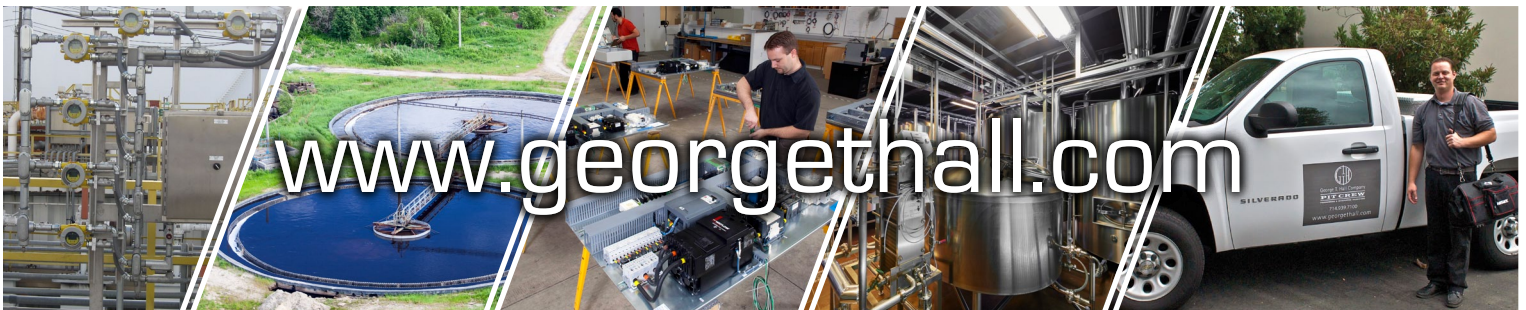

NEW Industry-Specific Content!

Our strength is our expertise in the areas of **Industrial Automation**, **Industrial Process**, **Combustion Solutions**, and **Building Automation**. We have designed and successfully executed hundreds of projects covering a range of industries including **Water-Wastewater**, **Petrochemical**, **Mineral & Mining**, **Food & Beverage**, and much more. *Please click the industry below to learn more about our capabilities!*

- Heat Treat Forging Solutions
- Aerospace Solutions
- Semiconductor Solutions
- Bio-Pharmaceutical Solutions
- Power Generation Solutions
- Micro-Brewery Solutions
- Food & Beverage Solutions
- Mineral and Mining Solutions
- Water & Wastewater Solutions
- Petrochemical Solutions
- Alternative Energy Solutions
- National Account Solutions
- Hotel & Hospitality Solutions
- Schools & Universities Solutions
- Healthcare Industry Solutions

NEW Easy Navigation and Industry News!

In addition to enhanced industry content, we have also added pull-down menus to make it easier to find the information you need on our **Products and Technologies**, **Regulations**, **Rebates**, and **Industry News** through our **Blog**. We are updating our news feed daily to provide you information from our vendors as well as the leading news sources in the industry including Control Engineering Magazine, CSIA, and Automation World. We also post original content from our own staff of Engineers and Field Technicians who provide Tech Tips and tricks to make your job easier!
