

**GEORGE T. HALL
COMPANY**

CONTROLS • AUTOMATION • SOLUTIONS

George T. Hall (GTH) is a full-service control solutions provider. With design capabilities, programming expertise, instrumentation services, and control panel manufacturing, we create the control solutions at the core of critical industrial applications.

AUTOMATION SOLUTIONS FOR GREATER PRODUCT QUALITY AND SYSTEM EFFICIENCY

Applications We Serve

Machine Control

Thermal Process

Data Analytics

FOOD & BEVERAGE EXPERTISE

GTH has been providing instrumentation and control solutions to this market for nearly 90 years. We specialize in automation, on-site programming support, instrument calibrations, and UL control panel modernization. Our engineers are trained in ISA and FDA standards as they apply to these applications.

PLC MODERNIZATION

Our upgrade and migration solutions allow you to upgrade while preserving your maximum hardware and software investment. We re proficient in full scale software conversions, factory acceptance testing, and commissioning so you can be certain the modernization will be completed in a timely manner, with minimum downtime.

SYSTEM PROCESS DESIGN

With our technical expertise and two UL 508A panel shops, we have teamed with a number of original equipment manufacturers (OEMs) to create new systems for custom applications. We understand that food & beverage processes are as unique as the products being manufactured and with decades of control & software expertise our engineers can be put to work on new system designs and retrofits allowing you to upgrade an existing process, update your instrumentation, customize a software system, or build an entirely new production line.

DATA ACQUISITION AND SCADA

Modern software allows for increased remote access capabilities and reporting, so your data is both visible and usable in real-time. Our engineers are experts in modernizing systems to improve efficiency and provide greater data visibility with Asset Performance Management (APM), users are able to monitor system performance, access predictive maintenance, and track reliability across the facility.

PARTNERSHIPS

With George T. Hall, there's a century of expertise built into every solution. We bring experience and intuition to automation challenges and create sustainable, reliable solutions for our customers. We'll work within the framework of your existing technology to modernize operations or design new solutions when you're looking to expand. GTH is your design-minded, solution-oriented automation partner, let us put our experience to work for you.

Certifications & Alliances

Eurotherm[®] by Watlow **Honeywell**

UL Certified

UL 508A #E120534
UL 698A #E239946
ULNNNY #E549984

State Contractors Licenses

CA #920775 | NV #0068362

Public Works Registration

CA #1000007118

Hear why our clients continue to work with GTH:

"George T. Hall is absolutely one of our best contractors. From proposal to delivery, they're clear, on-schedule, and able to produce a solution for us. With us, they started with control panels, and now perform startup procedures, wire checks, and integrations with other equipment - they're not only delivering products but have a vested interest in ensuring our solution works well for us. Any time I get the GTH team on a project, I know it will be taken care of."

Quality

"Quality is most important to us. If something isn't right, we would rather do it ourselves. GTH holds our standard for quality high, making them easy to trust."

Reliability

"Their commitment to follow through and get things done when they're supposed to is impeccable. They are always on or ahead of schedule."

Expertise

"It's the knowledge they bring as a system integrator about how to program products specifically to our needs in a way that adds value to us."
